July 2013

This letter serves to confirm the association between FEED SA and The SA beaded bracelet production association, whereby 25 % of all sales will be donated towards FEED SA

FEED SA is a non-profit organisation whose main aim is to establish feeding programmes within townships. These feeding programmes are aimed at those who receive no other forms of funding whatsoever, and to children who go to school on an empty stomach. Our main goal is to uplift South Africans by ensuring that each child from our beneficiaries is guaranteed at least two nutritious meals a day. We also assist Aids/ Community Centres, after school programmes and feeding schemes for the elderly and bed ridden citizens.

In addition to the feeding programmes, FEED SA runs education and teacher training, and helps to build and set up crèches, from operations and infrastructure such as classrooms, toilets, ablutions, kitchens and offices, as well as teacher training and teaching

curriculum. This too, eventually allows for sustainability and small business ventures for the teachers.

FEED SA takes a hands-on approach in the townships, operating at a grass roots level and working with prominent and reliable leaders in the communities

Education begins with a full tummy – and FEED SA believes that every child has a right to be fed, educated and uplifted, as well as to be given a chance at a better life

FEED SA encourages all to assist in helping those who are much less fortunate than we are – so they can keep on feeding hearts, minds and tummies...

We are grateful to be a part of this wonderful project with The SA beaded bracelet production association and look forward to a successful venture together.

Yours Sincerely

Candice Etberg  
Executive Director  
FEED SA
